- Informational presentations
- Annual picnics/dinners
- Workshops

Join our mission...

The goals of the CCAL include informing and educating the public about art. We encourage the public to appreciate art and support artists through the purchase of their art. We strive to encourage students with the love and talent for art to pursue the artistic field. Our league holds exhibitions to give artists an opportunity to display their latest works. We need your help to continue to promote the arts for years to come.
